

April 1, 2019 Notice from the Millis Plastics Reduction Initiative- MPRI

A group of concerned citizens have begun efforts to ***reduce single use plastic bags at check-out in Millis.***

The damage to our health, environment including extensive marine and wild-life can no longer be ignored. One step we as a town can take to slow this damage is to stop using plastic bags when we shop by bringing a reusable double handled bag made of cloth or other machine washable fabric, if it is not be constructed of polyethylene or polyvinyl chloride.

bag it
is your life too plastic?

BAG IT movie- What starts as a film about plastic bags evolves into an extensive investigation into plastic and its effect on our waterways, oceans and even our bodies. We see how our crazy-for-plastic world has finally caught up to us and what we can do about it.

April 17 at 7 p.m. at Millis Public Library in Roche Bros. room
Doors open at 6:30 P.M. sponsored by Millis Garden Club
