Update on Construction Progress
Approximately 20 punch list items remain. Most have to do with the internal blinds and are believed to be an installation issue. Some of the remaining punch list items have been deferred until spring due to weather.

Playground signage is coming along. Proofs were distributed at the meeting. Denise Gibbons to get back to Tappé with approval.

Nancy Gustafson arrived at 7:11 PM.

The Committee discussed the request to add pickle ball lines to the new tennis courts. A concern was expressed when this was brought up in the past that the courts are used for competitive play for the high school tennis team and that we need to make sure that the courts will still fall within the MIAA guidelines if pickle ball lines are added. The ESBC asked the School Committee and Select Board to determine their preference on the line markings within the next month and circulate diagrams to all involved including athletic director and tennis coach to be sure all are in agreement before moving forward.

A request was made for a backboard to be added to the tennis courts. The ESBC determined that project is only responsible for replacing what was there and there wasn’t originally a backboard at the courts. A request for signage displaying the rules of the tennis courts was also made to the Committee. It is believed that there was signage of this type there before. Signage wording needs to be determined so that mark ups can be done.
Craig Schultze arrived at 7:24 PM.

Water Pressure continues to be an issue. The price given for the booster pump was between $90,000 and $100,000. Trying to determine if that number is accurate or not and need a more precise estimate from Agostini. The decision to move forward with this or not needs to be made soon. If it is going to be part of the project, it needs to be done before Agostini finishes. A decision needs to be made by the end of February. School to evaluate with staff at the end of January. Collaborate with DPW to determine if problem is with the meter and/or something else outside of the building.

7:32 PM Nancy Gustafson left the meeting.
